Have Your Say on Before and After School Care

The NSW Government is committed to providing before and after school care to all students of public primary schools in New South Wales. As part of the reform, a parent web form has been established by Service NSW that will enable parents to tell the department about their specific care needs and to stay up to date with any new developments.

The information provided by parents will help the Department of Education to understand your needs, give them insights into where there are gaps in service delivery and help to ensure the extra places are delivered where they are required.
